**Putting Your House On A
Strong Foundation**

December 2, 2022

To Whom It May Concern,

I did an inspection at #6 Parkway Plaza in Lufkin, Texas. The purpose of this examination was to determine, in general, the structural condition of the residence. I examined the interior and exterior for evidence of any foundation movement or settlement. This foundation is in good condition and I do not recommend any repairs at this time.

I appreciate and thank you for this opportunity to provide my service to you. My findings are neither a guarantee nor a warranty.

Thank you,

A handwritten signature in black ink that reads 'Matt McDaniel'.
