ARTICLE 2

PROPERTIES SUBJECT TO THIS DECLARATION

2.1 Initial Properties Subject to Declaration. The property which is and shall be held, transferred, sold, conveyed and occupied subject to this Declaration is located in Davidson County, Tennessee, and is more particularly described and shown on Exhibit "A" attached hereto and made a part hereof by this reference. CLOVER GLEN is to be built in one or more Phases, each of which may comprise a number of sections for construction purposes (a "Construction Section"). All of the real property shown on Exhibit "A" shall be submitted to these Restrictions.

2.2 Additional Phases. Without further assent or permit, Developer and any Successor Developer hereby reserves the right, exercisable from time to time but not later than ten (10) years after the date hereof, or the date of any Supplementary Declaration hereto, to subject to these restrictions all or part of contiguous property, in one or more Additional Phases, in order to extend the scheme of this Declaration and to bring such additional contiguous Properties within the jurisdiction of the Association. Developer's annexation rights under this section 2.3 are not contingent upon Developer owning any Lots in Phase 1A.

2.3 Supplementary Declarations. The additions herein authorized shall be made by filing of record one or more Supplementary Declarations in respect to the creation of Additional Phases or the

addition of other Properties to be then subject to this Declaration and which shall extend the jurisdiction of the Association to such property and thereby subject such addition to assessment for its just share of the Association's expenses and shall also require the filing of such additional plats as are required for such sections in the Register's Office for Davidson County, Tennessee. Each Supplementary Declaration must subject the added property or additional Lots to the conditions and restrictions contained herein.

2.4 Consent to Rezoning. Every Owner shall be deemed to have consented to any rezoning that may be necessary or desirable for the development of such property as part of CLOVER GLEN. Owners of any Lots in the additional property shall succeed to all of the rights and obligations of membership in the Association.

2.5 Extension of Development Rights to Adjacent Property. The Developer and any Successor Developer shall have the rights described in this Article 2, exercisable without approval of the Association or any other person or entity. The Developer or such Successor Developer shall have the voting rights as specified hereinafter with respect to any added Lots, subject to the original limitations as to duration of weighted voting.

2.6 Construction Sections. The Developer may submit more unimproved property than is immediately anticipated to be used or improved to the terms and conditions of these restrictions, in order to insure and demonstrate its intentions with respect to such property and to assure that such property will be developed subject to the covenants and restrictions contained in this Declaration and such land shall initially constitute one Lot. No additional "Lots" shall be deemed to have been created on such property until such time as the final plat approving such construction section has been approved and recorded in the Register's Office for Davidson County, Tennessee. At such time as the final plat is recorded, all Lots depicted thereon, and Common Areas shown thereon, shall be owned and used in accordance with the terms of this Declaration.

2.7 Association Rights. The Association may not object to any annexation or new development plan on the grounds that existing Association facilities will be additionally burdened by the property to be added by the new development or that the type of home or size of Lot in any future construction differs from improvements within earlier phases of construction within CLOVER GLEN, it being acknowledged that the developer intends to construct both Townhomes and Detached Homes within CLOVER GLEN. Prior to the sale of any Lot in an additional Construction Section, the Developer may modify any preliminary plan to reconfigure Lots or create additional amenities areas or Common Areas without the consent of any Owner.

2.8 Withdrawal of Lands by Developer. Developer may withdraw one or more portions of the Property which are owned by Developer from the terms and conditions of this Declaration by recording a document to that effect with the Register of Deeds of the County where the Property is located. Such instrument need only be executed by Developer and shall not require the joinder and consent of the Association, any Lot Owner, Member or other third party; provided, however, that nothing contained in this section or elsewhere in the Declaration shall obligate Developer to add Additional Property or withdraw any portion of the Property from the terms and conditions of the Declaration. Only Developer may de-annex all or any portion of the Property from the terms and conditions of this Declaration.

ARTICLE 3

ARCHITECTURAL, MAINTENANCE, AND USE RESTRICTIONS

3.1 Single-Family Residential and Townhome Construction. For single family Lots, no building or other structure shall be erected, altered or permitted to remain on any Lot other than one (1) single-family residential dwelling not to exceed three (3) stories in height which shall have a minimum of one thousand four hundred (1,400) square feet of heated, floor living area, exclusive of open porches, patios, garages and breezeways. For Townhome Lots, no building or other structure shall be erected, altered or permitted to remain on any Lot other than one (1) townhome dwelling which shall have a minimum of one thousand two hundred (1,200) square feet of heated, floor living area, exclusive of open porches, patios, garages and breezeways. A residential dwelling may also have an attached private garage which shall not exceed the main dwelling in height and which shall have no more than two garage doors which face the street from the front of the house. All structures erected on any Lot shall be constructed in accordance with applicable local governmental building requirements and the requirements of this Declaration.

3.2 Approval of Plans.

(a) No construction, reconstruction, remodeling, alteration, or addition of or to any structure, building, fence, wall, drive, or improvement of any nature shall be constructed or undertaken without obtaining the prior written approval of Developer, its successors or assigns, as to the location, plans, and specifications therefor. As a prerequisite to consideration for approval, and prior to the commencement of the contemplated work, two (2) complete sets of building plans and specifications shall be submitted. So long as Developer owns one or more Lots within the Properties, Developer shall be the sole arbiter of such plans and may withhold its approval for any reasons, including purely aesthetic reasons. It is expressly acknowledged that construction undertaken by Developer shall be conclusively deemed to comply with the foregoing. Upon giving approval, construction shall be started and prosecuted to completion promptly and in strict conformity with such plans.

(b) At such time as Developer divests itself of all Lots within the development (or at such earlier time as Developer, in its sole discretion, determines), the rights of Developer provided by this Section 3.2, including without limitation the right of approval of plans for further construction, reconstruction, remodeling, alterations, and additions, shall thereafter vest exclusively in the Association and in its Board of Directors, or such committees of the Association as shall be appointed by its Board of Directors.

(c) Developer, the Association, its Board of Directors and the individual members thereof shall not be liable for any act or omission in performing or purporting to perform the functions delegated hereunder. In the event that the Developer or the Association fails to indicate its approval or disapproval within thirty (30) days after the receipt of the required documents, approval will not be required and the related covenants set out herein shall be deemed to have been fully satisfied. Approval or disapproval by the Developer or the Association shall not be deemed to constitute any warranty or representation by it including, without limitation, any warranty or representation as to fitness, design or adequacy of the proposed construction or compliance with applicable statutes, codes and regulations. Anything contained in this paragraph 3.2, or elsewhere in this Declaration to the contrary notwithstanding, the Developer (or the Association, as the case may be) is hereby authorized and empowered, at their sole and absolute discretion, to make and permit reasonable modifications or deviations from any of the requirements of this Declaration relating to the type, kind, quantity or quality of the building materials to be used in the

construction of any building or improvement on any Lot and of the size and location of any such building or improvement when, in their sole and final judgment, such modifications and deviations in such improvements will be in harmony with existing structures and will not materially detract from the aesthetic appearance of the Properties and the improvements as a whole; provided, however, such modifications and deviations must comply with all applicable ordinances and regulations established by local governmental entities or bodies with jurisdiction over CLOVER GLEN.

Developer may require the submission of such documents and items, including as examples, but without limitation, written requests for and description of the variances requested, plans, specifications, plot plans and samples of material(s), as it shall deem appropriate, in connection with its consideration of a request for a variance. If Developer shall approve such request for a variance, they shall evidence such approval, and grant permission for such variance, only by written instrument, addressed to the Owner of the Lot(s) relative to which such variance has been requested, describing the applicable restrictive covenant(s) and the particular variance requested, expressing its decision to permit the variance, describing (when applicable) the conditions on which the variance has been approved (including as examples, but without limitation, the type of alternate materials to be permitted, and alternate fence height approved or specifying the location, plans and specifications applicable to an approved outbuilding), and signed by Developer. Any request for a variance shall be deemed to have been disapproved for the purposes hereof in the event of either (i) written notice of disapproval from the Developer or (ii) failure by Developer to respond in writing to the request for variance. In the event the Developer shall not then be functioning, no variances from the covenants herein contained shall be permitted, it being the intention of this section that no variances be available except at the discretion of Developer, its successors and assigns.

3.3 Structural Compliance. All structures shall be built in substantial compliance with the plans and specifications therefor, approved by Developer as provided in paragraph 3.2 above.

3.4 Improvement and Setback Restrictions. No building or structure, or any part thereof, shall be located on any Lot nearer to the front line, the rear line, or any side line than the minimum building setback lines required by the City of Nashville, Tennessee and as may be shown on the recorded plans. For purposes of determining compliance with this requirement, porches, wing walls, eaves, and steps extending beyond the outside wall of a structure shall be considered as a part thereof. No encroachment upon any utility easements reserved on the Plat shall be authorized or permitted.

3.5 Re-subdivision of Lots. No Lot shall be re-subdivided, nor shall any building be erected or placed on any such re-subdivided Lot, unless such re-subdivision is approved by the Developer, as well as any governmental authority having jurisdiction. Developer, however, shall have the right, but not the obligation, to re-subdivide into Lots, by recorded plat or in any other lawful manner, all or any part of the Properties, and such Lots, as re-platted, shall be subject to this Declaration as if such Lots were originally included herein. Any such re-plat must comply with applicable re-platting ordinances, statutes, regulations and requirements.

3.6 Walls, Fences and Hedges. The only allowable fence material within the Properties shall be black aluminum. Fences shall have a maximum height of five (5) feet. No wall, fence or hedge may be erected without the written approval of Developer granted in accordance with Section 3.2 hereof.

3.7 Roofing Material. The roof of any building (including any garage) shall be constructed or covered with architectural style shingles. Any other type of roofing material shall be permitted only in the sole discretion of the Association upon written request in accordance with Section 3.2 hereof.

3.8 Swimming Pools. Above-ground swimming pools are strictly prohibited. Below-ground pools are permitted only if approved by the Developer or the Association in accordance with Section 3.2 hereof.

3.9 Storage Tanks and Refuse Disposal. No exposed above-ground tanks or receptacles shall be permitted for the storage of fuel, water, or any other substance, except for refuse produced through normal daily living and of a nature which is satisfactory for pick-up by the local Department of Public Works or its equivalent. Incinerators for garbage, trash, or other refuse shall not be used or placed on any Lot. All equipment, coolers, and garbage cans shall be concealed from the view of neighboring Lots, roads, streets, and open areas.

3.10 Clothes Lines. Outside clotheslines shall not be permitted.

3.11 Signs and Advertisements. No sign, advertisement, billboard or advertising structure of any kind shall be erected upon or displayed or otherwise exposed to view on any Unit or any improvement thereon; provided that this requirement shall not preclude the installation by Developer and/or any builder of signs identifying the entire residential development and provided further that this requirement shall not preclude the placement by Homeowners of "For Sale" signs in the front of individual residences of such size, character, and number as shall from time to time be approved by the Association or the Developer (as the case may be). Homeowners may display "For Rent" or "For Lease" signs, not larger than 24 inches x 24 inches. The Association shall have the right to remove any such unapproved sign, advertisement, billboard or structure that is placed on said Homes, following written notice and a minimum of five (5) days to comply. In the event of non-compliance by the real estate agent and/or Owner, the Association reserves the right to remove a non-compliant sign and in doing so shall not be subject to any liability for trespass or other tort in connection therewith or arising from such removal.

3.12 Use of Temporary Structures. No mobile home, camper, trailer, basement, tent, shack, garage, barn, utility shed, structure of a temporary character, storage building or outbuilding of any description shall be erected, moved onto any Lot or used at any time as a residence, nor shall any residence of a temporary character be permitted. No structure of any kind except a permanent dwelling house may be occupied as a residence, and the outside of any dwelling house (including landscaping) must be completed before occupancy. The Developer or its assigns may use temporary structures as building or sales offices and for related purposes so long as Developer owns any property within CLOVER GLEN.

3.13 Storage of Automobiles, Boats, Trailers and Other Vehicles. Boats, boat trailers, campers or disabled vehicles shall not be parked or stored for more than forty-eight (48) hours unless contained within a closed garage or otherwise completely screened from public view. No semi-tractors, tractor-trailers, buses, or other large commercial vehicles shall be parked within the Properties except as reasonably necessary for loading and unloading, providing delivery or repair service or as needed for construction or reconstruction work within the Properties. The foregoing shall not apply to construction vehicles of the Developer.

3.14 Outside Lighting. Outside lights at eaves and door entrances shall be permitted, but no exterior flashing or high-intensity lights, floodlights, or spotlights on the exterior of any building or elsewhere on a Lot shall be permitted, except with the prior written approval of the Association.

3.15 Antennae and Satellite Dishes. All television antennae, satellite dishes, dishes which receive video programming services via multipoint distribution services and any other device used for the reception of television broadcast signals, direct broadcast satellite services or multichannel multipoint distribution (wireless cable) services must be one (1) meter or less in diameter, must be located to the rear of a Lot and not visible from the street (unless such location would preclude reception of an acceptable quality signal) and may not be affixed to any portion of the Common Area. Television antennas must be located to the rear of the roof ridgeline, cable or centerline of the principal dwelling. Freestanding antennae must be attached to and located behind the rear wall of the main residential structure. No antenna may be erected on a wooden pole.

3.16 Window Units. All supplements to the central air conditioning system must be used, erected, placed or maintained to the rear of the main residential structure. No window or wall type air conditioning unit shall be placed such that it is visible from the street view of any Lot.

3.17 Recreational Equipment. Except as approved by the Association in accordance with Section 3.2 hereof, no playground or other recreational equipment shall be erected, placed or maintained on the Properties except for that originally installed by Developer on Common Area.

3.18 Oil and Mining Operations. No oil drilling, oil development operations, oil refining, quarrying or mining operations shall be permitted on any Lot, nor shall oil wells, tanks, tunnels, mineral excavations or shafts be permitted upon or in any Lot. No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted upon any Lot.

3.19 Maintenance. Except for the Association's obligations to perform maintenance on Townhomes and Townhome Lots described below, all Lots, together with the exterior of all improvements located thereon, shall be maintained in a neat and attractive condition by their respective Owners or Occupants. Such maintenance shall include, but not be limited to, painting, repairing, replacing, and caring for roofs, gutters, downspouts, building surfaces, patios, walkways, driveways, and other exterior improvements. The Owner or Occupant of each Lot shall at all times keep all weeds and grass thereon cut in a sanitary, healthful and attractive manner and all trees and shrubbery pruned and cut. No Lot shall be used for storage of material and equipment, except for normal residential requirements or incident to construction of improvements thereon as herein permitted. The accumulation of garbage, trash or rubbish of any kind and the burning (except as permitted by law) of any such materials is prohibited. In the event of default on the part of the Owner or Occupant of any Lot in observing the above requirements or any of them, such default continuing after ten (10) days' written notice thereof, the Association may, subject to approval of its Board of Directors, enter upon said Lot, repair, maintain and restore the same, cut or prune or cause to be cut or pruned, such weeds, grass, trees and shrubbery and remove or cause to be removed, such garbage, trash and rubbish or do any other thing necessary to secure compliance with these restrictions and to place said Lot in a neat, attractive, healthful and sanitary condition. In so doing, the Association shall not be subject to any liability for trespass or otherwise. All costs incurred by the Association under this section shall be charged against the Owner of such Lot as the personal obligation of such Owner and as a lien upon the Lot, enforceable and collectible in the same manner and to the same extent as a maintenance assessment. Any Occupant of such Lot shall be jointly and severally liable with the Owner for the payment of such costs.

The Association shall be responsible for the maintenance, repair and replacement of the exterior of Townhomes constructed on the Townhome Lots including without limitation painting, maintenance, and nonstructural repair of exterior building surfaces, roofs, gutters, downspouts, replacement trim

and other repairs to roof covers (to include the repair and replacement of all non-structural components of the roof of each Townhome). The Association shall be responsible for the maintenance, replacement and repair of all aspects of the lawn and landscaping within the boundaries of each Townhome Lot (except for any fenced-in areas which the Lot Owner shall maintain). The Association shall have an easement and reasonable right of entry upon the Townhome Lots to perform its repair and maintenance obligations as required under this Declaration.

The Association may contract with one (1) or more landscaping services to provide grass cutting, lawn maintenance, proper care for all trees, shrubbery and other landscaping, and other necessary maintenance services for the Common Areas and the portions of the Townhome Lots the Association is obligated to maintain.

3.20 Damage, Destruction or Maintenance. In the event of damage or destruction to any structure located on the Properties, the respective Owner thereof agrees as follows:

(a) In the event of total destruction, the Owner shall promptly clear the Lot of debris and leave the same in a neat and orderly condition. Within 60 days of any insurance settlement, the Owner must commence to rebuild and reconstruct the structure. Any such rebuilding and reconstruction shall be accomplished in conformity with the plans and specifications of the original structure so destroyed, subject to any changes or modifications as approved by the Developer or the Association, as the case may be, in accordance with Article 3 hereof and all of the terms of this Declaration.

(b) In the case of partial damage or destruction, the Owner shall, as promptly as an insurance adjustment may be made, cause the damage or destruction to be repaired and restored in a first class condition in accordance with the plans and specifications of the original structure and in conformity with its original exterior painting and decor. Any change or alteration must be approved by the Developer or the Association, as the case may be, in accordance with Article 3 hereof. In no event shall any damaged structure be left unrepaired and unrestored for in excess of sixty (60) days, from the date of the insurance adjustment.

(c) If the correction of a maintenance or repair problem incurred on one Lot necessitates construction work or access on another Lot, both Owners shall have an easement on the property of the other for such purpose. Each party shall contribute equally to the cost thereof, unless such work was necessitated by the fault of an Owner, in which event the Owners shall allocate such cost in proportion to the relative fault of the parties.

3.21 Use of Premises. Each Lot shown on the Plat shall be used only for private, single-family residential purposes and not otherwise. Notwithstanding the foregoing, Developer may maintain, as long as it owns property in or upon such portion of the Properties as Developer may determine, such facilities as in its sole discretion may be necessary or convenient, including, but without limitation, offices, storage areas, model units and signs, and Developer may use, and permit Builders (who are at the relevant time building and selling houses in the development) to use, residential structures, garages or accessory buildings for sales offices and display purposes, but all rights of Developer and of any Builder acting with Developer's permission under this sentence, shall be operative and effective only during the construction and sales period within the area. This provision may not be amended, altered or repaired without the prior consent of the Developer.

3.22 Animals and Pets. No animals, livestock, or poultry of any kind shall be raised, bred, pastured, or maintained on any Lot, except household pets such as dogs and domestic cats which may be kept thereon in reasonable numbers as pets for the sole pleasure of the Owner or Occupant, but not for any

commercial use or purpose. The owner of any pet shall keep the pet confined to the Lot at which said pet-owner resides or is a guest unless the pet is on a leash and accompanied by the pet owner or pet owner's designee. No pets shall be allowed to roam free. If, at any time, the Board of Directors determines that a pet has become a nuisance as a result of excessive or recurrent noise, damage to real or personal property of the Association or its Members, the deposit of bodily waste outside the Lot at which the pet-owner resides, or otherwise, the Association reserves the right to pursue immediate removal of the offending pet from CLOVER GLEN, and the Association including an injunction from the Chancery Court for Davidson County, Tennessee, requiring the Lot Owner and any Occupant to remove the offending pet from CLOVER GLEN. All costs incurred by the Association as a result of any enforcement proceeding commenced under this section, including reasonable attorney's fees, shall be recoverable from the offending Lot Owner and/or Occupant in the lawsuit.

3.23 Nuisances and Unsightly Materials. No house or other structure on any Lot shall be used for any business or commercial purpose. Each Owner or Occupant shall refrain from any act or use of his Lot that could reasonably cause embarrassment, discomfort, annoyance, or nuisance to others. No noxious, offensive, or illegal activity shall be carried out upon any Lot. No motorcycle, motorbike, motor scooter, or any other unlicensed motorized vehicle may be operated on or in the Common Areas. No Lot shall be used, in whole or in part, for the storage of rubbish of any character whatsoever; nor shall any substance, thing, or material be kept upon any Lot which will emit foul or noxious odors. Each owner or Occupant shall refrain from any activity or from maintaining anything or material that produces noise that disturbs the peace and quiet enjoyment of the Owners or Occupants of surrounding Lots or property. The foregoing shall not be construed to prohibit the temporary deposits of trash and other debris for pick-up by garbage and trash removal service units provided it does not obstruct site distance, or access to a public or private street or pedestrian walkway, or encroach on a neighboring lot without consent.

3.24 Hobbies and Activities. No illegal or inherently dangerous activity or hobby, including, without limitation, the assembly and disassembly of motor vehicles or other mechanical devices, the shooting of firearms, fireworks, or pyrotechnic devices of any type or size, and other such activities shall be pursued or undertaken on any part of any Lot or upon the Common Areas without the express written consent of the Association. . Such written consent shall be subject to any or all local and state law.

3.25 Visual Obstruction at the Intersection of Public Streets. No object or thing which obstructs sight lines at elevations between two (2) feet and six (6) feet above the surface of the streets shall be placed, planted or permitted to remain on any corner Lot within the triangular area formed by the curb lines of the streets involved and a line running from curb line to curb line at points twenty-five (25) feet from the junction of the street curb lines. The same limitations shall apply on any Lot within ten (10) feet from the intersection of a street property line and the edge of a driveway.

3.26 Governmental Restrictions. Each Owner shall observe all governmental building codes, health regulations, zoning restrictions, and other regulations applicable to his Lot. In the event of any conflict or overlap between any provision of any such governmental code, regulation, or restriction and any provisions of this Declaration, the more restrictive provision shall apply.

3.27 Roads. It shall be obligatory upon all owners of the Lots in this subdivision to consult with the Chief Engineer of the Highway Department or the Traffic and Parking Commission of Davidson County, Tennessee, or their equivalent before any driveways, culverts, other structures or grading are constructed within the limits of any dedicated roadway, and such placement or construction shall be done in accordance with the requirements of the said agencies applying to such roads in order that the roads or streets within the subdivision which would be affected by such placement or construction may not be disqualified for acceptance by the County into the public road system.

3.28 Easement for Roads. The right is expressly reserved to the Developer and Owners, their representatives, heirs, successors and assigns, to construct all streets, roads, alleys, or other public ways as now, or hereafter may be, shown on the Plat(s), at such grades or elevation as they, in their sole discretion, may deem proper; and, for the purpose of constructing such streets, roads, alleys or public ways, they additionally, shall have an easement, not exceeding (10) feet in width, upon and along each adjoining Lot, for the construction of proper bank slopes in accordance with the specifications of the government body or agency having jurisdiction over the construction of public roads; and no Owner of any Lot shall have any right of action or claim for damages against anyone on account of the grade of elevation at which such road, street, alley or public way may hereafter be constructed, or on account of the bank slopes constructed within the limits of the said ten (10) foot easement.

3.29 On-Street Parking. Use of on-street parking spaces shall be limited to vehicles belonging to social guests of Owners (not exceed twenty-four (24) consecutive hours), and vehicles providing delivery service or performing repair or construction work within the Properties, but only for such periods of time as are reasonably necessary for loading and unloading, providing delivery service or to perform the repair, construction or reconstruction work within the Properties. The foregoing shall not apply to construction vehicles of the Developer.

ARTICLE 4

ASSOCIATION MEMBERSHIP AND VOTING RIGHTS

4.1 Membership. Every person or entity who is the Owner of record of a fee interest in any Lot shall be a Member of the Association, subject to and bound by this Declaration and the Association's Charter, the Bylaws of the Association attached as Exhibit B to this Declaration, and such rules and regulations as may be adopted by the Association. When any Lot is owned of record in joint tenancy, tenancy in common, tenancy by the entirety, or by some other legal entity, the Association membership as to such Lot shall be joint and the rights of such membership (including the voting power arising therefrom) shall be exercised only as stipulated in Section 4.2 below. The voting rights of the membership shall be appurtenant to the ownership of the Lot.

4.2 Voting Membership.

Class A. Class A members shall be all Lot Owners, with the exception of the Developer, and shall be entitled to one (1) vote for each Lot owned. When more than one (1) person holds an interest in any Unit, all such persons shall be Members. The vote for such Lot shall be exercised in accordance with the Bylaws, but in no event shall more than one (1) vote be cast with respect to any Lot.

Class B. The Class B member shall be the Developer and shall be entitled to cast votes equal to four (4) times the number of Lots within the Properties, plus any other lots, townhome units or other subdivided parcels located on contiguous property owned by or under option to Developer. So long as Developer owns one or more Lot within the Properties, Developer shall have the right to control all architectural review decisions and to veto any action taken by the Association including actions of the Association's officers, its Board of Directors, or a committee appointed by the Board. The Class B membership shall cease and be converted to Class A membership on the happening of any of the following events, whichever occurs earlier:

(i) when one hundred percent (100%) of the Lots have been conveyed to Owners;

(ii) by February 28, 2025; or

(iii) when, in its discretion, the Developer so determines.

4.3 Method of Voting. Members may vote by written ballot, in person or by proxy executed in writing by the Member. No proxy shall be valid after eleven (11) months from the date of its execution or after conveyance by the Member of his Lot. No proxy shall be valid unless promulgated by the Board of Directors as an official proxy. A corporate Member's vote shall be cast by the President of the Member corporation or by any other officer or proxy appointed by the President or designated by the Board of Directors of such corporation. Voting on all matters except the election of directors may be by voice vote or by show of hands unless a majority of the Members of each Class present at the meeting shall, prior to voting on any matters, demand a ballot vote on that particular matter. Where directors or officers are to be elected by the Members, the official solicitation of proxies for such elections may be conducted by mail or any other manner permitted by the Tennessee Nonprofit Corporation Act.

Any action that the Members may take at a meeting may also be taken by written ballot in accordance with the provisions of Tenn. Code Ann. § 48-57-108.

4.4 First Meeting of Members. The first regular annual meeting of the Members may be held, subject to the terms hereof, on any date, at the option of the Board of Directors; provided, however, that the first meeting may (if necessary to comply with Federal Regulations) be held no later than the earlier of the following events: (a) four months after all of the Lots have been sold by the Developer; or (b) five years following conveyance of the first Lot by the Developer.

4.5 Working Capital Fund. The Association shall establish a working capital fund equal to six months' assessments for each Lot. Each Lot's share of the working capital fund shall be collected and transferred to the Association at the time of closing of the initial sale of each Lot to an Owner other than a Builder, and maintained in an account for the use and benefit of the Association. Amounts paid into the fund shall not be considered as advance payment of regular assessments. The purpose of the fund is to insure that the Association will have cash available to meet unforeseen expenditures, or to acquire additional equipment or services deemed necessary or desirable by the Board of Directors.

4.6 Acceptance of Development. By the acceptance of a deed to a Lot, any purchaser of a Lot shall be deemed to have accepted and approved the entire plans for the CLOVER GLEN Subdivision development, and all improvements constructed by that date, including, without limitation, the utilities, drains, roads, sewers, landscaping, Common Area amenities, and all other improvements as designated on the Plat, and as may be supplemented by additional plats upon completion of development of the Subdivision. Such purchaser agrees to accept all improvements constructed after the date of purchase consistent with such plans, and of the same quality of then existing improvements. Security may be provided at the Developer's discretion, and no Owner shall have any cause of action against the Developer or the Association for failure to provide adequate security.

ARTICLE 5

COMMON AREA PROPERTY RIGHTS AND MAINTENANCE ASSESSMENTS

5.1 Common Areas. Each Owner shall have a non-exclusive right and easement of enjoyment in and to the Common Areas which shall be appurtenant to and shall pass with the title to each Lot as designated upon the Plats, subject only to the provisions of this Declaration and the Charter, Bylaws, and rules and regulations of the Association, including, but not limited to, the following:

(a) The right of the Association to limit the use of the Common Areas to Owners or Occupants of Lots, their families and their guests;

(b) The right of the Association to suspend voting privileges and rights of use of the Common Areas for any Owner whose assessment against his Lot becomes delinquent or who is otherwise in violation of the provisions of this Declaration, the By-laws or the rules and regulations of the Association; and

(c) The right of the Association to dedicate or transfer all or any part of the Common Areas to any public agency, authority, or utility for such purposes and subject to such conditions as may be agreed upon by the Members; provided that no such dedication or transfer shall be effective unless the Members entitled to cast at least three-fourths (3/4) of the votes agree to such dedication or transfer and signify their agreement by a signed and recorded written document; and provided further that this paragraph shall not preclude the Board of Directors of the Association from granting easements for the installation and maintenance of electrical, telephone, cablevision, water and sewerage, utilities, and drainage facilities upon, over, under, and across the Common Areas without the assent of the membership when such easements are requisite for the convenient use and enjoyment of the Properties or are otherwise in the best interests of the Association. The Developer shall also have the right to cause the Association to swap property, if necessary to cure any setback or other building regulation violation, provided that the total amount of Common Area shall not be diminished and such transfer is done in accordance with all applicable regulations.

5.2 Assessment for Maintenance of Common Areas. For each Lot within the development on which a house has been completed, every Owner (except the Developer) covenants and agrees, and each subsequent Owner of any such Lot, by acceptance of a deed therefor, shall be deemed to covenant and agree, to pay to the Association monthly or annual assessments or charges for the creation and continuation of a maintenance fund in amounts to be established from time to time by the Board of Directors of the Association in order to maintain, landscape, and beautify the Common Areas, to promote the health, safety, and welfare of the residents of the community, to pay taxes, if any, assessed against the Common Areas, to procure and maintain insurance thereon, to employ attorneys, accountants, and security personnel, and to provide such other services as are not readily available from governmental authorities having jurisdiction over the same. In addition, the Owner of each Lot and each subsequent Owner thereof, by acceptance of his deed, covenants and agrees to pay special assessments as approved by the membership in the manner hereinafter provided. The Developer shall be exempt from all assessments of any nature.

With respect to alleyways owned by the Association as part of the Common Area which are adjacent to and serve a limited number of Lots (the "Alley Lots"), the Association reserves the right to specially assess the Owners of the Alley Lots for their *pro rata* share of the expense of maintaining and repairing said alleyways.

5.3 Townhome Assessments. In addition to the general assessments assessed against all Lots, the Association shall levy regular Townhome Assessments on Townhome Lots for each such Lot's proportionate share of the expenses incurred by the Association in connection with (a) the Association's obligation to maintain and repair aspects of the Townhome Lots and the improvements thereon as required by this Declaration, (b) the purchase of casualty insurance for portions of the improvements on Townhome Lots as required by this Declaration and (c) any other expense incurred by the Association solely in connection with Townhome Lots. Townhome Assessments shall be secured by the Association's lien for assessments created in Section 5.3 below, and shall be enforceable and collectable in the same manner as other assessments.

5.3 Creation of Lien and Personal Obligation of Assessments. In order to secure payment of assessments, including monthly assessments, annual assessments, special assessments and Townhome Assessments, as the same become due, there shall arise a continuing lien and charge against each Lot, the amount of which shall include interest at the maximum effective rate allowed by law, costs, and reasonable attorney's fees to the extent permissible by law. Each such assessment, together with such interest, costs, and reasonable attorney's fees, shall also be the personal obligation of the person who was the Owner of the Lot at the time the assessment became due; provided that this personal obligation shall not pass to successors in title unless expressly assumed by them. The lien provided for herein, however, shall be subordinate to the lien of any first deed of trust (sometimes hereinafter called "mortgage") on any Lot if, but only if, all such assessments made with respect to such Lot having a due date on or prior to the date such first mortgage is filed for record have been paid. The lien and permanent charge hereby subordinated is only such lien and charge as relates to assessments authorized hereunder having a due date subsequent to the date such first mortgage is filed of record and prior to the satisfaction, cancellation, or foreclosure of the same, or the transfer of the mortgaged property in lieu of foreclosure. The sale or transfer of any Lot shall not affect any assessment lien. The sale or transfer of any Lot that is subject to any first mortgage, pursuant to a foreclosure thereof or under power of sale or any proceeding in lieu of foreclosure thereof, shall extinguish the lien of such assessment, but not the personal obligation of any former title holder, as to payments that became due prior to such sale or transfer and subsequent to the recordation of the first mortgage that has been foreclosed, but the Association shall have a lien upon the proceeds from foreclosure or of sale junior only to the lien of the foreclosed first mortgage. No sale or transfer shall relieve such Lot from liability for any assessment thereafter becoming due or from the lien thereof.

5.4 Levy of Assessments. Regular monthly assessments and monthly Townhome Assessments shall be fixed by the Board and shall commence with respect to each Lot upon the earlier of (a) fourteen (14) months after the date of closing of a Lot sale to a Builder or (b) the first day of the month following the conveyance of said Lot and a completed residence thereon from the Builder to an Owner-occupant. Thereafter, monthly or annual assessments shall be levied by the Board of Directors of the Association, by action taken on or before December 1 of each year for the ensuing year. The Board, in its discretion, may provide for the periodic payment of such assessments at some intervals other than monthly or annually. Special assessments may be levied in any year for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Common Areas, if any, including fixtures and personal property related thereto; provided that the same are first approved by the Board of Directors of the Association, recommended to the membership, and subsequently approved by affirmative vote of Members entitled to cast at least two-thirds (2/3) of the votes at a meeting of the Members duly held for that purpose. Written notice of the monthly, annual or special assessment shall be mailed (by U.S. first class mail) to every Owner subject thereto or sent by any other means permissible for sending notices under the Association's Bylaws. The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the assessments on a specified Lot have been paid and the amount of any delinquencies.

The Association shall not be required to obtain a request for such certificate signed by the Owner, but may deliver such certificate to any party who in the Association's judgment has a legitimate reason for requesting the same.

5.5 Maximum Annual Assessment. The amount of the regular annual or monthly assessments, and the amount of Townhome Assessments, shall be established by the Board of Directors of the Association. Pursuant to Section 4.5, upon the closing of the sale of any Lot, the purchaser shall pay the Association a capital charge in an amount equal to fifty percent (50%) of the annual assessment then in effect. The purchaser of any Lot shall also pay at closing the assessments for such Lot prorated in accordance with the amount of days remaining in the calendar year of purchase. The Association at its option may allow the payment of the annual assessment on a monthly or quarterly basis.

5.6 Rate of Assessment. All Lots in the development shall become subject to assessments simultaneously, except that Lots owned by the Developer do not accrue liability for assessments of any nature while owned by the Developer.

5.7 Effect of Non-Payment of Assessments and Remedies of the Association. Any assessment not paid within thirty (30) days after the due date shall be subject to a monthly late fee equal to the greater of ten dollars (\$10.00) or ten percent (10%) of the outstanding balance owed. Unpaid assessments shall also bear interest from the due date at the maximum rate allowed by law. The Association, its agent or representative, may bring an action at law against the Owner personally obligated to pay the same or foreclose the lien against the Lot to which the assessment relates, and interest, costs, and the Association's reasonable attorney's fees for such action or foreclosure shall be added to the amount of such assessment to the extent allowed by law. No Owner may avoid liability for the assessments provided for herein by non-use of the Common Areas or abandonment of his Lot.

5.8 Insurance.

(a) The Board of Directors of the Association shall determine what insurance and in what amounts shall be necessary for the operation of CLOVER GLEN. Until such time as any of the Common Areas of CLOVER GLEN are improved, it is anticipated that the only insurance necessary for the operation of the Association shall be general liability insurance for claims arising out of the use of the Common Areas.

(b) In the event that the Board of Directors determines that it will be in the best interest of the Association to obtain insurance on improvements owned by the Association and constructed in the Common Areas, the Association shall obtain fire and extended coverage insurance covering all such improvements and all personal property, equipment, fixtures and supplies owned by the Association. The face amount of such policy or policies shall not be less than one hundred percent (100%) of the current replacement cost of the property required to be covered by this Section. Such policy shall contain and agreed amount and an inflation-guard endorsement, if such can be reasonably obtained, and also construction code endorsements, such as demolition costs endorsement, contingent liability from operation of building laws endorsement and increased cost of construction endorsement. Such policy shall also contain steam boiler and machinery coverage endorsements, if applicable. The insurance policies so purchased shall be purchased by the Association for the use and benefit of individual Owners and their mortgagees. The Association shall issue certificates of insurance to each Owner showing and describing the insurance coverage for the interest of each Owner, and shall develop procedures for the issuance, upon request, of a copy of the policy together with standard mortgagee endorsement clauses to the mortgagees of Owners. To the extent reasonably available, such policy shall waive rights of subrogation against Owners, the Association, and all agents of the Association. The insurance policies purchased by the

Association shall also provide, to the extent reasonably available, that the insurance will not be prejudiced by any acts or omissions of Owners that are not under the control of the Association, and that such policies will be primary even if the Owner has other insurance that covers the same loss. The insurance policy shall also provide that any applicable insurance trust agreement will be recognized.

(c) The Association shall maintain casualty, fire and extended coverage insurance for the Townhome Lots and all improvements thereon ("Townhome Insurance"), but excluding an Owner's personal property, contents and betterments. In the event of an insured loss covered by Townhome Insurance, the deductible shall be assessed to Townhome Lot Owners as a part of the Townhome Assessments. However, if the Board reasonably determines that the loss is the result of the negligence or willful misconduct of one (1) or more Owners, their family members, guests, invitees, pets or lessees, then the Board may assess the full amount of such deductible against such Owner(s) and Lot.

In the event of any insured loss to all or any portion of the Townhome Lots, only the Board or its duly authorized agent may file and adjust Townhome Insurance claims and obtain reliable and detailed estimates of the cost of repair or reconstruction. Repair or reconstruction, as used in this subsection, means repairing or restoring the Townhome Lots and improvements thereon to substantially the same condition in which such property and improvements existed prior to the damage, allowing for changes or improvements necessitated by changes in applicable building codes.

Any damage to or destruction of the Townhome Lots shall be repaired or reconstructed unless at least eighty percent (80%) of the Owners of the damaged Townhome Lot(s) (and while Developer owns any Townhome Lots, the Developer) shall decide within sixty (60) days after the loss not to repair or reconstruct. No Mortgagee shall have the right to participate in the determination of whether the damage or destruction to the Townhome Lots shall be repaired or reconstructed.

Any Townhome Insurance proceeds remaining after paying the costs of repair or reconstruction shall be used to pay the deductible or retained by the Association in a capital reserve account for the benefit of the Townhome Lots and improvements thereon. If Townhome Insurance proceeds are insufficient to cover the costs of repair or reconstruction, the Board of Directors may, without a vote or approval of Townhome Lot Owners or the Association's general membership, levy a special Townhome Assessment against affected Townhome Lot Owners in proportion to their benefit (such proportionate benefit to be determined by the Board of Directors in its sole discretion). Such special Townhome Assessments shall be used to cover the costs of repair or reconstruction not covered by the proceeds of Townhome Insurance.

Each Townhome Lot Owner shall carry fire and casualty insurance covering all aspects of the Townhome Lot, improvements thereon and contents thereof, which are not covered by the Townhome Insurance.

(d) If available at reasonable cost, as determined in the sole discretion of the Board of Directors, director and officer liability insurance shall be purchased in amount determined by the Board of Directors. It is presently agreed that coverage up to One Million and No/100 Dollars (\$1,000,000.00) per occurrence may be a reasonable amount of such coverage.

5.9 Reimbursement of Developer for Construction of Amenities and Funding Association Expenses.

Developer may construct certain recreational facilities on part of the Common Area for the benefit of the Lots and the members of the Association and/or may pay a portion of Association expenses. In either such event, for the purposes of reimbursing the Developer for the cost of such construction and expenses, the Association shall execute and deliver to Developer a promissory note in the principal amount of the Association expenses paid by Developer and Developer's hard costs of constructing the amenities and other expenses directly related to such construction. The promissory note shall not bear interest. The Association shall repay the promissory note at a rate of Five Dollars \$5.00 per month per Lot for the Lots subject to assessment until the principal amount of the note has been repaid in full. In the event that the Developer does not construct recreational facilities within CLOVER GLEN and does not fund Association expenses, the promissory note shall be of no force or effect and shall be cancelled.

ARTICLE 6

A right of pedestrian access by way of a driveway or open lawn area shall also be granted on each Lot, from the front Lot line to the rear Lot line to any utility company having an installation in the easement. The easement area of each Lot and all improvements in it shall be maintained continuously by the Owner of the Lot, except for those improvements for which a public authority or public utility company is responsible. Fences shall not be allowed to be constructed over or along any easement for public utilities.

6.5 Townhome Lots. The Association shall have a permanent access easement onto, over, across, through and under the Townhome Lots for the purpose of performing its repair and maintenance obligations on Townhome Lot improvements as required under this Declaration.

ARTICLE 7

MORTGAGEE RIGHTS AND GOVERNMENTAL REGULATIONS

7.1 Special Actions Requiring Mortgagee Approval. If required by applicable federal law or regulation, notwithstanding anything herein to the contrary, unless at least seventy-five percent (75%) of the first mortgagees (based upon one vote for each first mortgage owned) or owners (other than the Developer) of the individual Lots have given their prior written approval, the Association shall not be entitled to:

(a) By act or omission, seek to abandon or terminate the restrictions declared herein;

(b) Partition or subdivide any Lot;

(c) By act or omission, seek to abandon, partition, subdivide, encumber, sell or transfer the common facilities. The granting of easements for public utilities or for other public purposes consistent with the intended use of the common facilities by CLOVER GLEN shall not be deemed to transfer within the meaning of this clause;

(d) Use hazard insurance proceeds for losses to any common facilities for other than the repair, replacement or reconstruction of such improvements, except as provided by statute.

7.2 Special Rights of Mortgagees. A first mortgagee, or beneficiary of any deed of trust shall be entitled to the following special rights:

(a) Upon request, such first mortgagee is entitled to written notification from the Association of any default in the performance of any individual Owner of any obligation under these restrictions which is not carried by such Owner within sixty (60) days.

(b) Any first mortgagee shall have the right to examine the books and records of the Association during regular business hours, and such books and records shall be made available to such first mortgagees upon their request.

7.3 Conformity with Regulations. Notwithstanding anything to the contrary contained in these restrictions, all terms, conditions, and regulations now existing, or which may be promulgated from time to time, by the Federal Home Loan Mortgage Corporation ("FHLMC"), the Federal Housing Administration ("FHA") or the Veterans Administration ("VA") pertaining to planned unit developments are hereby incorporated as terms and conditions of this Declaration shall be binding upon the Developer, the Association and the Owners. In the event of a conflict between such regulations the most restrictive provision will apply.

7.4 Notices of Mortgages. Any Owner who mortgages his ownership interest shall notify the Association in such manner as the Association may direct, of the name and address of his mortgagees

and thereafter shall notify the Association of the payment, cancellation or other alteration in the status of such mortgages. The Association shall maintain such information in a book entitled "Mortgages."

7.5 Copies of Notices to Mortgage Lenders. Upon written request delivered to the Association, the holder of any mortgage of any ownership interest or interest therein shall be given a copy of any and all notices permitted or required by this Declaration to be given to the Owner whose ownership interest or interest therein is subject to such mortgage.

7.6 Further Right of Mortgagees.

(a) No Owner or any other party shall have priority over any rights of the first mortgagees pursuant to their mortgages in the case of a distribution to Owners of insurance proceeds or condemnation awards for losses to or a taking of Common Area.

(d) To the extent required by applicable federal statutes or regulations, the Association shall give to the FHLMC, the VA or the FHA or any lending institution servicing such mortgages as are acquired by the any of the foregoing, notice in writing of any loss to or the taking of the common facilities if such loss or taking exceeds Ten Thousand Dollars (\$10,000.00). The Association may rely on the information contained in the book entitled "Mortgages" as must be established pursuant to this Declaration for a list of mortgages to be notified hereby.

ARTICLE 8

8.2 Duration. This Declaration may also be amended by the affirmative vote of at least three-fourths (3/4) of the Owners whose Lots are then subject hereto. No such amendment shall become effective until the instrument evidencing such change has been filed of record. So long as Developer owns any property within CLOVER GLEN, the Owners of Lots then subject hereto shall have no right to amend the provisions the Declaration, without the prior written consent of Developer.

The provisions of this paragraph 8.4 are in addition to and separate from the rights of the Association to collect Association fees and assessments. Any failure by Developer, the Association or any property Owner to enforce any of said covenants, restrictions or other provisions shall in no event be deemed a waiver of the right to do so thereafter. Invalidation of any one or more of the provisions of this Declaration by judgment or court order shall not affect any of the other provisions not expressly held to be void, nor shall it affect the provisions so voided in circumstances or applications other than those expressly invalidated, and all such remaining provisions shall remain in full force and effect together with the provisions ruled upon as they apply to circumstances other than those expressly invalidated. In the event any action or proceeding is brought to enforce, to challenge, or to determine by declaratory judgment or otherwise, the rights and obligations imposed by this Declaration, the substantially prevailing party in any such action or proceeding shall be entitled to recover from the substantially losing party all costs and expenses incurred in connection with such action or proceeding, including reasonable attorneys' fees.
