

Things we have loved while living here

- We have loved the neighborhood and neighbors! There's a true sense of community and the neighbors have been wonderful. Very safe and fun neighborhood events!
- Morning walks and peaceful walking trails right out our front door.
- The variety of parks throughout the neighborhood- including the pickleball court - has been a bonus.
- The open floor plan and flow of the kitchen, dining room, and patio has made for easy entertaining.
- The cathedral ceilings in the entry add a sense of spaciousness with an abundance of light pouring through the windows. I like to sit on my couch and look outside
- The nearby schools are superb!
- We've truly appreciated the serenity of backing to the green space. Listening and watching the birds such as hummingbirds and our state bird, the goldfinch, is so peaceful.
- Being only minutes to Mill Creek, Snohomish, and The Farm with Amazon Go has been fantastic for shopping, dining, coffee and weekend outings.
- Ideal location, close to both I-5 and Highway 9, which has made it easy to get to the West side or the East side when needed.

We hope you love it too and make memories of your own!

~Vinnny and Andi
