If the answer to any of the items in Section 3 is Yes, explain (attach additional sheets if necessary):

Previous Roof Repairs – All roofs in the complex were replaced in January and February 2023

Settling – Inspection report done Sept/Oct 2023 shows that the building is not sitting exactly on the center of the supporting pier. See attached.

Soil Movement – Inspection report done Sept/Oct 2023 shows that the building is not sitting exactly on the center of the supporting pier. See attached. I assume this means there is some soil movement.

Improper Drainage – At the entrance to my condo the slab of concrete is slanted in the wrong direction and so water gathers there in a rain.

Water Damage Not Due to a Flood Event – There was some damage done to baseboards when a bathtub overflowed in 2012. All of the damage was repaired and the baseboards were replaced.

Wood Rot – The two doors to the storage closet and the hot water heater closet on the back deck and the wood trim around them show signs of wood rot.

Previous treatment for termites or WDI – The inspection report done 9/14/2023. Said that there were previously WDI. Since I have owned the condo, I have not treated nor seen evidence of this.

Section 4. Are you (Seller) aware of any item, equipment, or system in or on the Property that is in need of repair, which has not been previously disclosed in this notice? \boxtimes yes \square no If yes, explain (attach additional sheets if necessary):

The hot water heater in this unit was replace in October 2023. Regarding the entire property, see the attached document from the HOA Board about future possible plans for the complex.

Section 5. Are you (Seller) aware of any of the following conditions?* (Mark Yes (Y) if you are aware and check wholly or partly as applicable. Mark No (N) if you are not aware.)

If the answer to any of the above is yes, explain (attach additional sheets if necessary):
*If Buyer is concerned about these matters, Buyer may consult Information About Flood Hazards (TXR 1414). *For purposes of this notice:
"100-year floodplain" means any area of land that: (A) is identified on the flood insurance rate map as a special flood hazard area, which is designated as Zone A, V, A99, AE, AO, AH, VE, or AR on the map; (B) has a one percent annual chance of flooding, which is considered to be a high risk of flooding; and (C) may include a regulatory floodway, flood pool, or reservoir.
"500-year floodplain" means any area of land that: (A) is identified on the flood insurance rate map as a moderate flood hazard area, which is designated on the map as Zone X (shaded); and (B) has a two-tenths of one percent annual chance of flooding, which is considered to be a moderate risk of flooding.
"Flood pool" means the area adjacent to a reservoir that lies above the normal maximum operating level of the reservoir and that is subject to controlled inundation under the management of the United States Army Corps of Engineers.
"Flood insurance rate map" means the most recent flood hazard map published by the Federal Emergency Management Agency under the National Flood Insurance Act of 1968 (42 U.S.C. Section 4001 et seq.).
"Floodway" means an area that is identified on the flood insurance rate map as a regulatory floodway, which includes the channel of a river or other watercourse and the adjacent land areas that must be reserved for the discharge of a base flood, also referred to as a 100-year flood, without cumulatively increasing the water surface elevation more than a designated height.
"Reservoir" means a water impoundment project operated by the United States Army Corps of Engineers that is intended to retain water or delay the runoff of water in a designated surface area of land.
Section 6. Have you (Seller) ever filed a claim for flood damage to the Property with any insurance provider, including the National Flood Insurance Program (NFIP)?* □yes ☒ no If yes, explain (attach additional sheets as necessary):
*Homes in high risk flood zones with mortgages from federally regulated or insured lenders are required to have flood insurance. Even when not required, the Federal Emergency Management Agency (FEMA) encourages homeowners in high risk, moderate risk, and low risk flood zones to purchase flood insurance that covers the structure(s) and the personal property within the structure(s).
Section 7. Have you (Seller) ever received assistance from FEMA or the U.S. Small Business Administration (SBA) for flood damage to the Property? □yes ☒ no If yes, explain (attach additional sheets as necessary):

*Chapter 766 of the Health and Safety Code requires one-family or two-family dwellings to have working smoke detectors installed in accordance with the requirements of the building code in effect in the area in which the dwelling is located, including performance, location, and power source requirements. If you do not know the building code requirements in effect in your area, you may check unknown above or contact your local building official for more information.

A buyer may require a seller to install smoke detectors for the hearing impaired if: (1) the buyer or a member of the buyer's family who will reside in the dwelling is hearing-impaired; (2) the buyer gives the seller written evidence of the hearing impairment from a licensed physician; and (3) within 10 days after the effective date, the buyer makes a written request for the seller to install smoke detectors for the hearing-impaired and specifies the locations for installation. The parties may agree who will bear the cost of installing the smoke detectors and which brand of smoke detectors to install.
