The view & the cabin nestle together to make this truly one of a kind authentic cabin. Though the cabin is situated on just over an acre, it's the ambiance of the view with an authentic cabin feel. Mature firs, cedars, pines & a few rock outcroppings & HEART STOPPING southerly views of Eagle & Black mountains & beyond!! The cabin is fully furnished & move-in ready with updated electrical, windows, siding, insulation, & more. The charm starts from the moment you walk in the front door & see the extensive use of pine on the walls, ceilings & floors. Full basement plus under the deck storage for kayak, snowmobiles, mountain/road bikes. Newer features include vinyl dual pane windows, newer concrete siding & laminate deck showcasing those AWESOME southerly views. Other features include year round paved road access, normal power (not off the grid), large holding tank for your potable water, lots of privacy as the home backs up to several hundreds of acres owned by PG&E with a seasonal pond
