

Things we have loved while living here

- ▶ We have loved the strong sense of community within the neighborhood and our friendly neighbors.
- ▶ We are surrounded by fantastic parks and trails, all within walking distance.
- ▶ We really appreciate the natural light that pours in through the front windows creating a warm and inviting space.
- ▶ We love our updated spindle staircase that opens up the entire house.
- ▶ The schools in the area are top notch!
- ▶ Sitting and entertaining in our fully fenced private backyard during the summer time.
- ▶ We have loved living close to Mill Creek and Snohomish where there is shopping and restaurants. Plus the new Farm area with Amazon Go and even more restaurants.
- ▶ Location is close to both I-5 and Highway 9, which has made it easy to get to the West side or the East side.
- ▶ We have loved how spacious the home feels with vaulted ceilings and the cozy gas fire place in the living room opening up to the kitchen.

We hope you love it too and make memories of your own!

~Kris and Judith Stein
