Square Footage: There are different methods of measuring used for different purposes. Acreage of the land and square footage of the buildings quoted on the real estate tax information, marketing materials, advertisements, brochures, MLS data, or appraisal, is only approximate, is not guaranteed, and should not be relied upon.

Tax System Data: Property data, square footage, characteristics, and building permit information in government real estate tax systems may not be accurate and should not be relied upon by sellers and buyers. It can be very difficult to research building permit information.
