This beautifully updated Craftsman offers timeless charm and modern convenience. A large screened porch welcomes you in, leading to hardwood floors, a stunning staircase, built-ins, and coffered ceilings. The spacious great room centers around a classic fireplace, while the remodeled kitchen is a chef's dream with natural light, a breakfast nook, butler's pantry, and ample storage. The dining room is ideal for entertaining, and a private study adds flexibility as an office or den. Upstairs features four generous bedrooms and a walk-up attic ready to be transformed into a luxurious primary suite or bonus space. A charming balcony overlooks the fenced yard with a whimsical treehouse playset. The oversized two-car garage adds great storage. Major updates include a new roof, gutters, and Hardie board siding (2021), plus a high-efficiency dual-fuel HVAC system (2024). Tucked in a desirable neighborhood near parks, Broad Ripple, and the Monon Trail, this is where classic craftsmanship meets everyday comfort.
