

Room Dimensions Should Not Be Used For Total Sqft And Should Be Verified For Accuracy

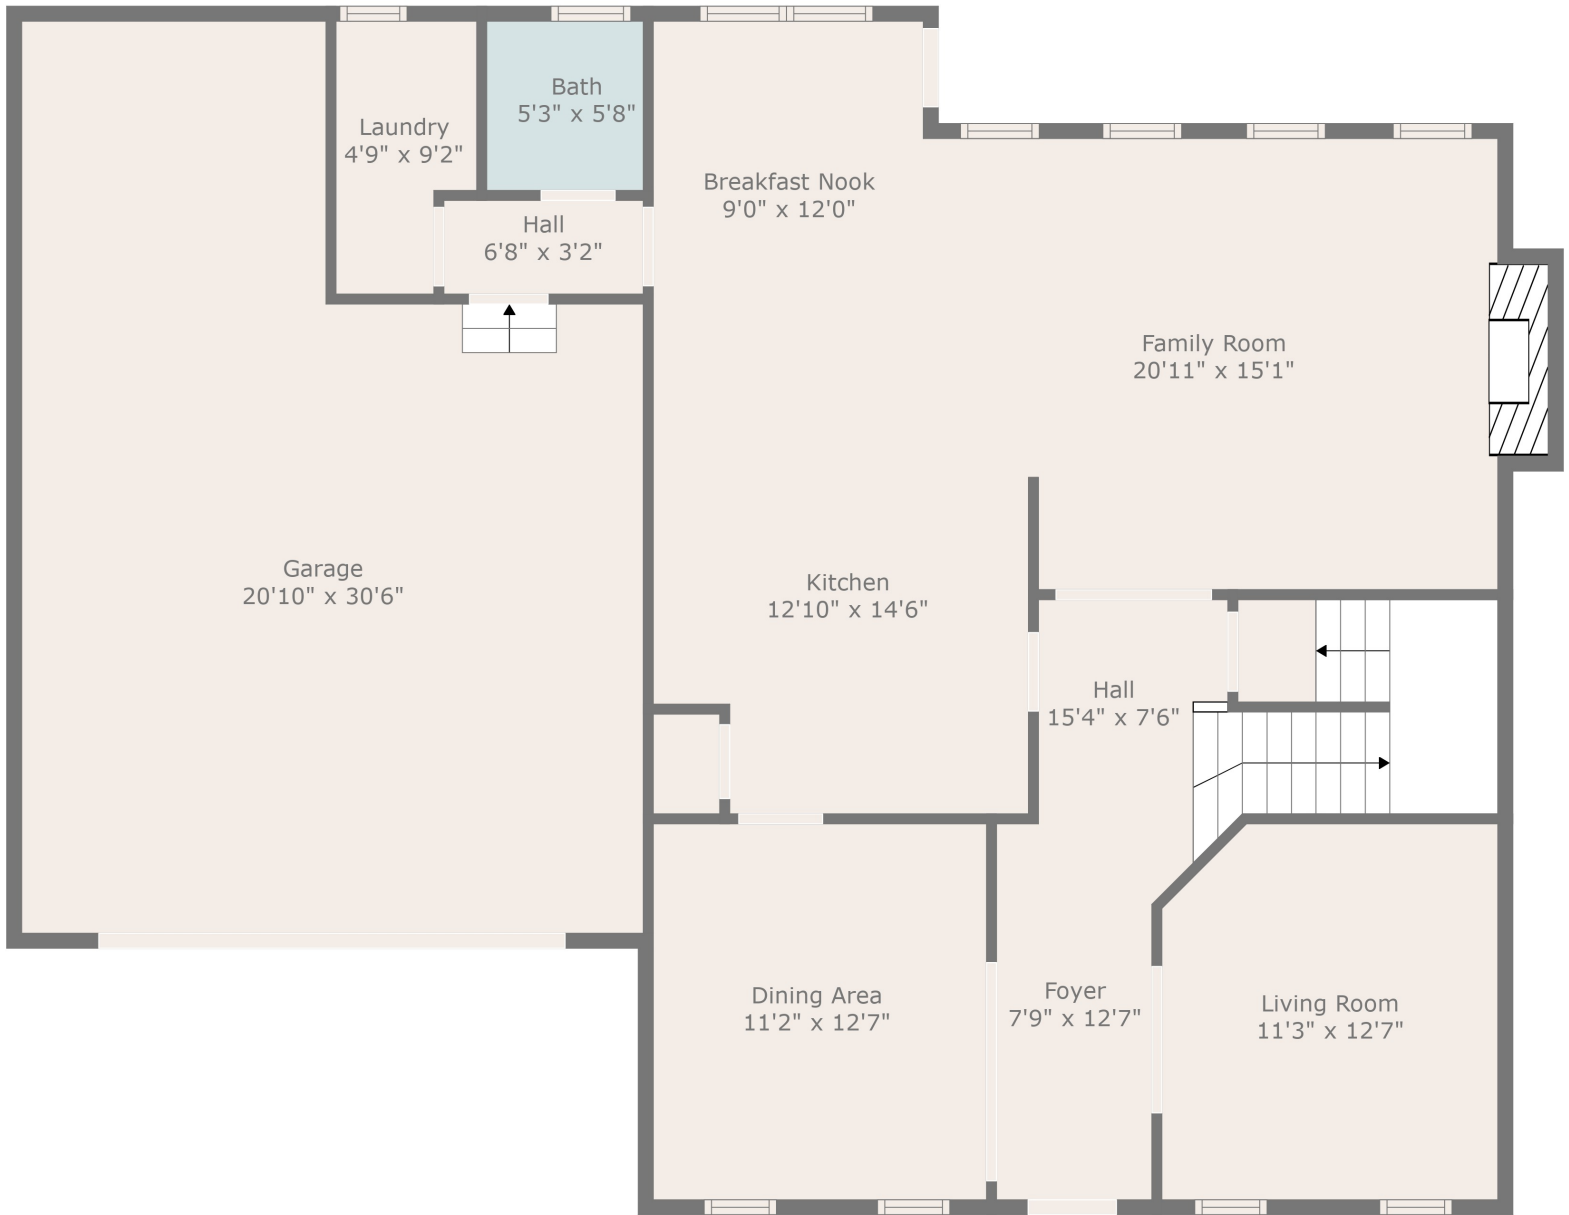

Attic
28'3" x 18'7"

The floor plan shows a large rectangular attic space. In the top-left corner, there is a smaller rectangular room. On the right side, there is a staircase with a landing. The staircase has a railing and is shown with arrows indicating the direction of travel: one arrow points left from the upper landing, and another points right from the lower landing. The walls are represented by thick dark grey lines, and the floor is a light beige color.
