

Precision Pest II

3420 Willett Road
Pittsburgh, PA 15227
(412) 377-6647

Dear Home Owner,

You may or may not be aware that Precision Pest II has treated your home for termites, and that your termite warranty is ready to expire.

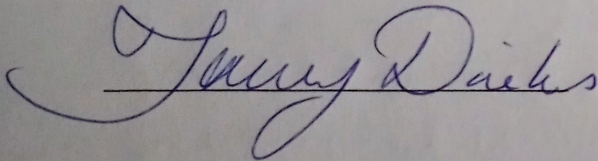

By renewing your warranty with us, you will receive a free inspection and any treatment(s) required to guarantee your protection against a further termite attack during the term of this warranty.

This warranty is transferable if you decide to sell your home, thus adding value to the sale.

Please contact us at 412-377-6647 before your warranty expires, to prevent the additional cost of an inspection to reactivate your home's termite warranty.

THANK YOU for your business! I look forward to serving your home's extermination needs.

Sincerely,

Please return the bottom portion with your payment.
