RE: OSE WR File Number RG 53217

Greetings Mr. and Mrs. Inman:

Please find that the Change of Ownership of Surface Water Right that you submitted to the Office of the State Engineer has been accepted for filing in accordance with Section 72-1-2.1, NMSA, 1978 (1996 Supplement). Please know that the acceptance by the New Mexico Office of the State Engineer does not constitute validation of any right claimed.

A copy of the original documents you submitted is enclosed for your records. According to Section 72-1-2.1, NMSA 1978 (1996 Supplement.), you must record the Change of Ownership with the Clerk of the County in which the water right is located. The filing shall be public notice of the existence and contents of the instruments so recorded. Please refer to the file number in any future correspondence with this office.

If you have any questions or concerns, please feel free to contact me at (505) 795-0358.

Sincerely,

Sherry A. LaRue
Lower Chama Water Master

[illegible][illegible]

These observations, taken together with the fact that the GABAergic input to the PV cell is the only inhibitory input to the PV cell, suggest that the PV cell is the only cell in the PVN that receives inhibitory input from the PVN. This is consistent with the fact that the PVN is the only cell in the PVN that receives inhibitory input from the PVN.
