You **MUST** explain any “YES” response(s) for above questions. Use additional sheets as necessary:

Basement: We have experienced water in the basement during rain and have gotten it tuckpointed in June 2026 and have not seen any issues since.  
 Roof: We are unsure of the age of the roof, however we had water leak in once during a heavy rain. We have had it looked at by roofing professionals who advise replacement. We have gotten water in the side porch roof and had that fixed June 2026 and have had no issues since.  
 Plumbing: We experienced a leak from the master bedroom inside the wall of the kitchen around Dec 2025. It was repaired and the drywall was patched. We have experienced no issues since.  
 Pests: We have seen occasional bat activity. We hired a bat remediation specialist to identify and seal possible entry points. No bats in over a year.  
 Treehouse suspended over neighbor's property line with his permission.
