

## HISTORIC LOCATION. INNOVATIVE CITY LIVING.

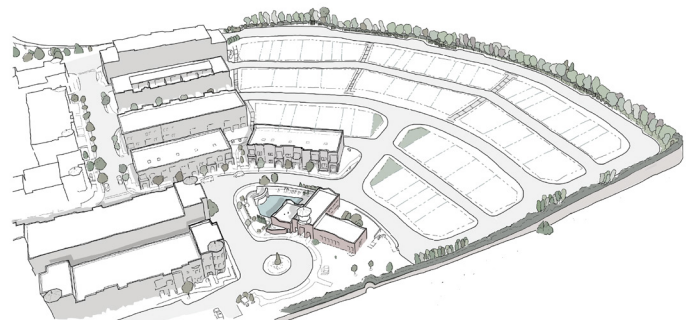

Discover The Hill, reimagined. Secure your place in the newest phase of this iconic downtown OKC neighborhood. Designed for all walks of life, homes here are historic at heart, but newly built for a modern lifestyle. Townhomes and single-family homes range from 1800-3600 SF. Multi-zone geothermal HVAC systems. Find your new home just steps from the heart of the city.

## BUILT FOR COMMUNITY IN DOWNTOWN OKC

An oasis in the middle of the city, The Hill is built around a central hub with pool, hot tub, dog park and town hall style meeting house, with fire pit, grill, gym and gathering space. A home in The Hill is the perfect place to shorten your commute, entertain guests and take advantage of all the city has to offer.

## NOSTALGIC CHARM WITH MODERN AMENITIES

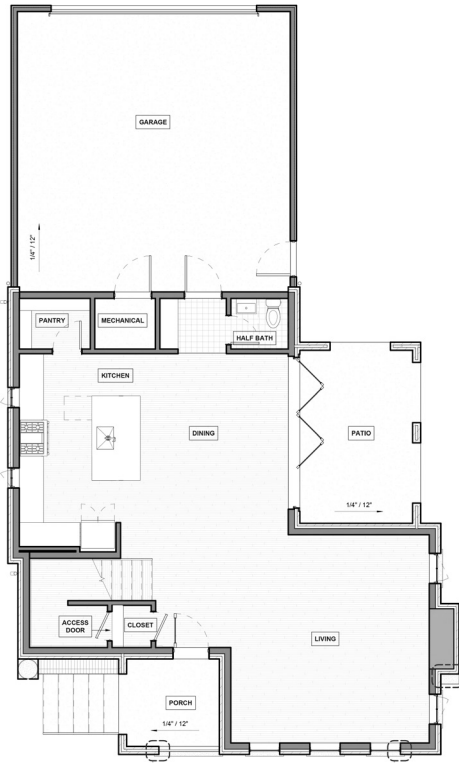

A modern take on a classic layout. This home features luxe finishes with dual living areas that provide practical options for a flex room or work from home space. A private primary suite fills the second floor. Two outdoor terraces take advantage of city views while a folding glass wall system connects indoor dining and patio spaces.

**The Hill at Bricktown,**  
where historic charm  
meets modern living in  
downtown OKC.
