- Front and rear staircases

Home Highlights

Finished Lower Level

- Bright, freshly painted recreation and gathering space
- Powder room
- Dedicated utility area
- Multiple closets and storage rooms
- Oversized walk-in storage area
- Flexible space for recreation, fitness, media, play, or additional work-from-home needs

Outdoor Living

- Fully renovated backyard and side yard
- Two massive dead trees professionally removed using cranes, dramatically expanding the usable yard and creating an open, beautifully landscaped setting for recreation
- Fully renovated heated gunite saltwater pool with new equipment, heater, piping, plumbing, plaster and coping
- Integrated pool bench for in-water entertaining
- Wireless pool controls accessible by phone
- Removable child-safety fencing supported by a concealed concrete curb beneath the lawn
- New porcelain patio constructed with structural footings designed to accommodate a future permanent outdoor structure
- New stone patio and additional hardscaping surrounding the pool
- Multiple newly constructed retaining walls
- New sod and professionally designed landscaping
- Green Giant arborvitae, skip laurels, flowering plantings and privacy screening
- New sprinkler system
- New aluminum perimeter fencing with side gates and a driveway gate
- New driveway finished with Belgian-block detailing
- Swing set included

Systems, Technology & Additional Improvements

- New two-zone central air-conditioning system
- Two-zone forced-air heat
- New furnace
- New hot-water heater
- Centralized alarm and fire-detection system
- Exterior security cameras
- Sonos speakers and sound bar configured throughout the home
- New railings on the rear and basement staircases
- Replaced attic pull-down stairs
- Sump pump
- Two-car attached garage
- Large walk-in storage area near the garage with potential for a sports-equipment room, or organized family drop zone
