Be Prepared

KEEP NASSAU BAY BEAUTIFUL

An appreciation from Parks & Recreation.

THANK YOU NASSAU BAY FOR THE WONDERFUL BEAUTIFICATION DAY TURN OUT!

Early in the morning some of you reported to the David Braun Pavilion while many of you went straight to the flower beds.

On a fun note, it seems several of the kids made their own plans to weed and plant! A special thank you goes to **Mary Ann Willis** who earlier in the week single-handedly weeded many of the beds!

This is the perfect time of year to explore our parks to view some of the new plants and to just have fun!

EASTER IN THE PARK

We were delighted with the turnout this year for our Annual Easter in the Park event, ranging from the Easter Bunny's visit to CANBE's Easter Bonnet Contest!

Congratulations to this year's Bonnet Contest winners, Rosemary Bolder 1st place & Debra Crowell 2nd place. We would like to extend our gratitude to all the volunteers and participants who made this event a success.

ST. THOMAS THE APOSTLE EPISCOPAL CHURCH

On **Sat, May 2**, St. Thomas the Apostle Episcopal Church (18300 Upper Bay Dr. in Nassau Bay), will host its monthly food distribution in partnership with the Galveston Food Bank. This distribution is available to any individual or family and there are no restrictions on where you live.

In April we served over 500 people from 100+ cars in just 90 minutes. We will serve from 8:30-10:30 am. We will have fresh fruit, vegetables, milk and other items, such as diapers and baby goods, which are greatly appreciated. Sometimes we even have meat to distribute. With the cost of food and diapers in today's economy, this service is even more important to people in the area.

Community members are always encouraged and welcome to serve with St. Thomas volunteers and scouts in this ministry. For more information, please contact Fr. Mike Stone at rector@sttaec.org. *Do more together!*

On **Sat, May 16**, from 9am until noon, NAMI, in cooperation with a team of Clear Lake area faith communities, will host a mental health awareness event at Exploration Green, 16315 Diana Lane at Bluebird Pond (Phase 1). NAMI Walks Clear Lake 2026 has three objectives supporting a single goal: *Mental Health for All*.

FOR YOUR SERVICE

Public Service Recognition Week is May 3-9, 2026. The City of Nassau Bay is proud to recognize and celebrate the dedicated public servants who work tirelessly to serve our community each day. From public safety and public works to administration and community services, our employees play a vital role in maintaining the safety, infrastructure, and quality of life that make Nassau Bay such a special place to live and work. Their commitment, professionalism, and willingness to go above and beyond do not go unnoticed, and we are grateful for the positive impact they make in the lives of our residents every day.

In addition, the City of Nassau Bay proudly recognizes several dedicated groups during this time:

Municipal Clerks Week (May 3-9, 2026): Municipal Clerks serve as the backbone of local government, ensuring transparency, accuracy, and the smooth administration of city operations. Their dedication to maintaining official records, supporting elections, and assisting both leadership and residents is essential to an effective and accountable municipality.

National Police Week (May 10-16, 2026): During National Police Week, we honor the courage, sacrifice, and unwavering commitment of our law enforcement officers who work diligently to keep our community safe. Their service, often performed under challenging and high-risk conditions, reflects a deep commitment to protecting and serving the residents of Nassau Bay.

National EMS Week (May 17-23, 2026): EMS professionals provide critical, life-saving care and rapid response during emergencies, making a profound difference when every second counts. Their compassion, expertise, and dedication to patient care are invaluable to the health and safety of our community.

National Public Works Week (May 17-23, 2026): Public Works professionals play a vital role in maintaining the infrastructure that keeps our city running smoothly, from streets and drainage to water systems and facilities. Their hard work, often behind the scenes, ensures the safety, sustainability, and overall quality of life for all Nassau Bay residents.

Our Public Works Department will be participating in a BBQ Cook Off competition during Public Works Week and will go up against other Public Works Departments in our area on May 20th!

This annual event recognizes the dedicated professionals who plan, build, manage, and operate the infrastructure that serves our communities every day. The BBQ Cook Off Competition has provided a fun and engaging way for everyone to interact and reflect on the impact of public works on our communities.
