Description	QTY	Price	Amount
1000G. Septic Tank Pump & Inspection Removed green riser lid. Water level was 6"-7" high. I thoroughly pumped, cleaned and inspected the concrete 1000 gallon septic tank. Concrete tank and pvc baffles were in good condition at time of service. Placed lid down when finished. Recommended installation of a new drainfield (new drainfield was installed shortly after by Evenhouse Excavation)	1	\$500.00	\$500.00
Sub total			\$500.00
Total			\$500.00
Balance Due			\$0.00

Terms:
By paying the due balance on invoices provided, the Client hereby acknowledges that all requested service items for this date and/or any other dates listed above in the description section of the table, have been performed and have been tested showing successful satisfactory install/repair, unless otherwise stated on the invoice, in which labor service charges still apply if any repairs have been made. By accepting this invoice, the Client agrees to pay in full the amount listed in the Total section of the invoice.

Notes:

Thank you for your business!
