Beautiful Makeover, Move-In Ready

MLS #1354953

As of this posting, it's the only condo or townhouse 1,600 to 1,700 sq ft available.

It's had a lovely little makeover featuring new engineered hardwood floors, fresh paint throughout, the fireplace and surround redone in a modern twist. In the Wille Wonka and the Chocolate Factory movie there are five Golden tickets but only one here, no reason on spending fortunes trying to win one, when this prize is right in front of you. In other ways this is a golden ticket in that you can spend your Golden years here. HP Villas is now a 55+ neighborhood, HOA approved. Just up the street is the HP Clubhouse, containing a dining/card room, gym, library and a sparkling pool. No more driving all over Bella Vista in search of fitness and Sun. This lovely town home also boasts a small workshop/storage too. No Wonka or Oompah Loompah's but lots to love and just as sweet.
