

Home Highlights

ADDRESS: 1106 SE Chelsey Lane, Oak Grove, MO 64075

1. There's a built-in ironing board in our laundry room. It's so convenient, and I love not having to carry an ironing board out for a quick touch-up.
2. Love the fireplace. It features a remote control and actually heats the entire living area, automatically turning off when the desired temperature is reached.
3. We love the patio with the remote control screen across the back. It blocks the sun during the hottest part of the day and provides privacy. We can see through the screen on the patio, but no one can see through from the other side.
4. The large walk-in shower in the master bath is GREAT!
5. We LOVE the ceiling fans!
6. Oak Grove is a wonderful place to live. We have great neighbors and excellent highway access that connects us to many shopping and recreational options.
