NEW JERSEY REALTORS®
SELLER'S PROPERTY CONDITION DISCLOSURE STATEMENT
ADDENDUM REGARDING FLOOD RISK

©2018 New Jersey REALTORS®

471 Pursuant to N.J.S.A. 56:8-19.2, all Sellers of real property (including both residential and non-residential property) must complete
472 questions 109-117 below.

473
474 Sellers of real property must answer these questions before the purchaser becomes obligated under any contract for the purchase of the
475 Property. This is the case regardless of whether the Seller completes questions 1-108. Sellers must verify their answers to questions 109-
476 110, and may do so using the Flood Risk Notification Tool located at njreal.to/flood-disclosure. Questions 111-117 must be answered
477 based on the Seller's actual knowledge.

478
479 Flood risks in New Jersey are growing due to the effects of climate change. Coastal and inland areas may experience significant flooding
480 now and in the near future, including in places that were not previously known to flood. For example, by 2050, it is likely that sea-level
481 rise will meet or exceed 2.1 feet above 2000 levels, placing over 40,000 New Jersey properties at risk of permanent coastal flooding.
482 In addition, precipitation intensity in New Jersey is increasing at levels significantly above historic trends, placing inland properties at
483 greater risk of flash flooding. These and other coastal and inland flood risks are expected to increase within the life of a typical mortgage
484 originated in or after 2020.

485
486 To learn more about these impacts, including the flood risk to your Property, visit njreal.to/flood-disclosure. To learn more about how to
487 prepare for a flood emergency, visit njreal.to/flood-planning.

488
489 Yes No Unknown
490 [] [X] 109. Is any or all of the Property located wholly or partially in the Special Flood Hazard Area ("100-
491 year floodplain") according to FEMA's current flood insurance rate maps for your area?
492 [] [X] 110. Is any or all of the Property located wholly or partially in a Moderate Risk Flood Hazard Area
493 ("500-year floodplain") according to FEMA's current flood insurance rate maps for your area?
494 [] [X] [] 111. Is the Property subject to any requirement under federal law to obtain and maintain flood
495 insurance on the Property?
496 Properties in the special flood hazard area, also known as high risk flood zones, on FEMA's flood insurance rate
497 maps with mortgages from federally regulated or insured lenders are required to obtain and maintain flood insurance.
498 Even when not required, FEMA encourages property owners in high risk, moderate risk, and low risk flood zones
499 to purchase flood insurance that covers the structure and the personal property within the structure. Also note that
500 properties in coastal and riverine areas may be subject to increased risk of flooding over time due to projected sea level
501 rise and increased extreme storms caused by climate change which may not be reflected in current flood insurance rate
502 maps.
503 [] [X] [] 112. Have you ever received assistance, or are you aware of any previous owners receiving assistance,
504 from FEMA, the U.S. Small Business Administration, or any other federal disaster flood assistance
505 for flood damage to the Property?
506 For properties that have received federal disaster assistance, the requirement to obtain flood insurance passes down
507 to all future owners. Failure to obtain and maintain flood insurance can result in an individual being ineligible for
508 future assistance.
509 [] [X] [] 113. Is there flood insurance on the Property?
510 A standard homeowner's insurance policy typically does not cover flood damage. You are encouraged to examine your
511 policy to determine whether you are covered.
512 [] [] [X] 114. Is there a FEMA elevation certificate available for the Property? If so, the elevation certificate
513 must be shared with the buyer.
514 An elevation certificate is a FEMA form, completed by a licensed surveyor or engineer. The form provides critical
515 information about the flood risk of the Property and is used by flood insurance providers under the National Flood
516 Insurance Program to help determine the appropriate flood insurance rating for the Property. A buyer may be able to
517 use the elevation certificate from a previous owner for their flood insurance policy.
518 [] [X] [] 115. Have you ever filed a claim for flood damage to the Property with any insurance provider,
519 including the National Flood Insurance Program?
520 If the claim was approved, what was the amount received? \$ _____

526 [] [X] [] 116. Has the Property experienced any flood damage, water seepage, or pooled water due to a natural
527 flood event, such as heavy rainfall, coastal storm surge, tidal inundation, or river overflow?
528 If so, how many times? _____
