- When putting new flooring in your home, the new flooring may be lower or higher than the previous flooring. This will cause a gap under trim or make existing gaps bigger. Usually the only way to fix this is to replace the trim with new. Also, there may be a time when your doors will be too long and cause your doors not close or shut hard. If this happens, the customer will have to hire a trim carpenter to cut the doors. This is not a service that The Flooring Guys offer.

Please Go Over the Notes below. They pertain to your job

-Dust during construction- There will be times when we tear out old floors, or trim your door frames to put flooring under them that we will cause dust. We will make all of our flooring cuts outside to eliminate as much dust as possible. When we Sand and finish wood floors the dust and debris will be kept to a minimum using our dust containment system. Although some dust may be present. Ceramic tile and cement board demo is very dusty. Dust for sure will be present during this process. Every precaution will be taken to keep dust to a minimum, but final clean-up will be the homeowners responsibility.

-Floating floors float. Which means that if you have a low spot or a high spot you will feel it. Some spots will need to be either sanded or filled. Depending on the level of unevenness of the floor additional floor prep may be required.

-We strongly wish to be accommodating as possible in all cases, but our craftsmen reserve the right to refuse service if confronted with conditions which in their judgment pose a sanitary or health risk of any sort. Examples include but are not limited to any type of rot, excessive pet danger, trash, mold or dust, or any type of urine or feces.

-Hidden damage covered up by furniture, old flooring etc that can not be seen at time of measure may require additional labor charges and/or additional time.

-Material/Waste- When we figure and measure a job we figure enough material to finish the job and usually have enough material left over to do future repairs. Keep this material in a safe and climate controlled area to be used for future repairs.

-Your floors may or may not need floor prep to be done to have your flooring properly installed. This estimate does not include floor prep unless specifically listed as a line item. If you are aware of any floor issues please bring those up to your sales person so they can properly be addressed.

-No furniture moving figured into this quote

-No plumbing work figured

If this happens, the customer will have to hire a trim carpenter to cut the doors. This is not a service that The Flooring Guys offer. There may be hidden damages covered up by furniture, old flooring, etc that can not be seen at time of measure that may require additional labor charges and/or additional time once the old flooring is removed. If your installation of new floors requires the assistance of floor leveler, please know that this may cause a height issue when returning appliances to their original placement.

**** Dust during construction:** There will be times when we tear out your old flooring, tile, sand down subfloor seams, or trim your door frames to put flooring under them, that will cause dust. Although dust may be present, we will try our best to eliminate as much dust as possible. **Ceramic tile and cement board demo is very dusty. Dust for sure will be present during this process.** Every precaution will be taken to keep dust to a minimum, but final clean-up will be the homeowners responsibility. If applicable, We recommend turing off your furnice / air conditioner for the days of install.

Company will replace with equipment of similar features, efficiency and capacity but is not responsible for matching brand, dimensions or color. Company may install a smaller capacity unit, including but not limited to water heaters and furnaces, if the projected output of the replacement unit is similar to, or greater than, the replaced existing unit. RESOLUTION OF DISPUTES

This provision constitutes an agreement to arbitrate disputes on an individual basis. Any party may bring an individual action in small claims court instead of pursuing arbitration.

All disputes and claims arising out of or relating to the Contract must be resolved by binding arbitration. This agreement to arbitrate includes, but is not limited to, all disputes and claims between Company and the Homeowner, Company and the Seller, and claims that arose prior to purchase of the Contract. This agreement to arbitrate applies to Company, Homeowner and Seller, and their respective parent and subsidiary companies, affiliates, agents, employees, predecessors and successors in interest, assigns, heirs, spouses, and children. **As noted above, a party may elect to bring an individual action in small claims court instead of arbitration, so long as the dispute falls within the jurisdictional requirements of small claims court and remains in that court.**

Any arbitration must take place on an individual basis, and Company, the Homeowner and the Seller agree that they are waiving any right to a jury trial and to bring or participate in a class, representative, or private attorney general action, and further agree that the arbitrator lacks the power to consider claims for injunctive or declaratory relief, or to grant relief affecting anyone other than the individual claimant. If a court decides that any of the provisions of this paragraph are invalid or unenforceable as to a particular claim or request for a particular remedy (such as a request for public injunctive relief), then that claim or request for that remedy must be brought in court and all other claims and requests for remedies must be arbitrated in accordance with this Contract.

The arbitration is governed by the Consumer Arbitration Rules (the "AAA Rules") of the American Arbitration Association ("AAA"), as modified by this Contract, and will be administered by the AAA. Company will pay all AAA filing, administration and arbitrator fees for any arbitration it initiates and for any arbitration initiated by another party for which the value of the claims is \$75,000 or less, unless an arbitrator determines that the claims have been brought in bad faith or for an improper purpose, in which case the payment of AAA fees will be governed by the AAA Rules.

The arbitration will take place in the same county in which the property covered by the Contract is located. The Federal Arbitration Act will govern the interpretation, applicability and enforcement of this arbitration agreement. This arbitration clause will survive the termination of this Contract.

AGREEMENT

You and Company are parties to the Contract (Parties). This Contract constitutes the entire agreement between the Parties and supersedes all prior and contemporaneous agreements and understandings of the Parties. No modifications to this Contract are effective unless in writing and signed by both Parties.
