Concerning the Property at

"Flood insurance rate map" means the most recent flood hazard map published by the Federal Emergency Management Agency under the National Flood Insurance Act of 1968 (42 U.S.C. Section 4001 et seq.).

"Floodway" means an area that is identified on the flood insurance rate map as a regulatory floodway, which includes the channel of a river or other watercourse and the adjacent land areas that must be reserved for the discharge of a base flood, also referred to as a 100-year flood, without cumulatively increasing the water surface elevation more than a designated height.

"Reservoir" means a water impoundment project operated by the United States Army Corps of Engineers that is intended to retain water or delay the runoff of water in a designated surface area of land.

Section 6. Have you (Seller) ever filed a claim for flood damage to the Property with any insurance provider, including the National Flood Insurance Program (NFIP)?* yes no If yes, explain (attach additional sheets as necessary):							
Even wh	in high risk flood zones with mortgages from federally regulated or insured lenders are required to have flood insurance, then not required, the Federal Emergency Management Agency (FEMA) encourages homeowners in high risk, moderate d low risk flood zones to purchase flood insurance that covers the structure(s) and the personal property within the e(s).						
Administra	Section 7. Have you (Seller) ever received assistance from FEMA or the U.S. Small Business Administration (SBA) for flood damage to the Property?yesno If yes, explain (attach additional sheets as necessary):

	Any notices of violations of deed restrictions or governmental ordinances affecting the condition or use of the Property.						
/	Any lawsuits or other legal proceedings directly or indirectly affecting the Property. (Includes, but is not limited to: divorce, foreclosure, heirship, bankruptcy, and taxes.)						
	Any death on the Property except for those deaths caused by: natural causes, suicide, or accident unrelated to the condition of the Property.						
	Any condition on the Property which materially affects the health or safety of an individual.						
	Any repairs or treatments, other than routine maintenance, made to the Property to remediate environmental hazards such as asbestos, radon, lead-based paint, urea-formaldehyde, or mold. If yes, attach any certificates or other documentation identifying the extent of the remediation (for example, certificate of mold remediation or other remediation).						
	Any rainwater harvesting system located on the Property that is larger than 500 gallons and that uses a public water supply as an auxiliary water source.
