

# What We Love About

## 3301 Arrowhead Circle

- Serenity
- The amazing trees
- The wildlife
- The privacy
- We became friends with the deer, squirrels and ducks and birds.
- You can actually play owl sounds on a bluetooth speaker and they not only respond but they come to you.
- The view of the pond
- Fishing in the pond
- Did I say the trees...
- I always wanted to build a barndominium and this farmhouse was the next closest thing.
- The great fenced yard, our dogs will miss this the most.
- Terrific people in the neighborhood.
- Close enough to downtown Austin, but also far enough away.
- Round Rock keeps getting picked as a top city in the US to live and raise a family.
- Great schools
